

9 Substances Added to the REACH Authorization List

In the Official Journal published on 19 August 2014, the European Commission announced Regulation (EU) No 895/2014, an amendment to the REACH Authorization List. 9 substances from the Substance of Very High Concern (SVHC) candidate list were added to the REACH Authorization List, therefore, increasing the total number of substances in the list from 22 to 31.

Substance	CAS NO.	Property	Latest Application Date	Sunset Date
Formaldehyde, oligomeric reaction products with aniline (technical MDA)	25214-70-4	Carcinogen category 1B	Feb 22, 2016	Aug 22, 2017
Arsenic acid	7778-39-4	Carcinogen category 1A	Feb 22, 2016	Aug 22, 2017
Bis(2-methoxyethyl) ether (diglyme)	111-96-6	Toxic for reproduction category 1B	Feb 22, 2016	Aug 22, 2017
1,2-Dichloroethane (EDC)	107-06-2	Carcinogen category 1B	May 22, 2016	Nov 22, 2017
2,2'-Dichloro-4,4'-methylenedianiline (MOCA)	101-14-4	Carcinogen category 1B	May 22, 2016	Nov 22, 2017
Dichromium tris(chromate)	24613-89-6	Carcinogen category 1B	Jul 22, 2017	Jan 22, 2019
Strontium chromate	7789-06-2	Carcinogen category 1B	Jul 22, 2017	Jan 22, 2019
Potassium Hydroxyoctaoxodizincatedichromate	11103-86-9	Carcinogen category 1A	Jul 22, 2017	Jan 22, 2019
Pentazinc chromate octahydroxide	49663-84-5	Carcinogen category 1A	Jul 22, 2017	Jan 22, 2019

The European Commission also considered including N,N-Dimethylacetamide (DMAC, Toxic for reproduction category 1B) in the Authorization List, but inclusion of the substance was postponed, because of its similar intrinsic properties to N-Methyl-2-pyrrolidone (NMP). NMP is currently being reviewed for restriction and the EC means to ensure a consistent regulatory approach to both substances with further consideration.
